

*Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission*

### INFORMATION ON SELECTION PROCEDURE

<b>Date of selection procedure announcement</b>	Krakow, 15.02.2024
<b>Selection procedure information number given by the Centre for Human Resources</b>	1227.1101.42.2024
<b>Director of a non-faculty, inter-faculty or common unit</b>	Head of Malopolska Centre of Biotechnology Dr Danuta Earnshaw Mossakowska, prof. UJ
<b>Address</b>	Malopolska Centre of Biotechnology ul. Gronostajowa 7A, 30-387 Kraków

### RECTOR

of the Jagiellonian University

announces a selection procedure for the position of an

### ASSISTANT PROFESSOR

<b>Group of employees</b>	Research staff
<b>JU organisational unit (place of work performance)</b>	Malopolska Centre of Biotechnology
<b>Field of science</b>	Natural sciences
<b>Discipline</b>	Biological Sciences
<b>Scope</b>	Cell Biology / Molecular Biology / Genomics
<b>Number of posts</b>	1
<b>Type of employment</b>	Labour contract
<b>Working time</b>	Full time
<b>Planned duration of employment</b>	42 months

<b>Expected date of employment commencement</b>	June 2024
<b>Remuneration</b>	according to the <a href="#">Rules for Remunerating Jagiellonian University Employees</a>
<b>Requirements</b>	<p>The selection procedure is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.3) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:</p> <ul style="list-style-type: none"> <li>• holding at least a doctoral degree;</li> <li>• having relevant scientific achievements;</li> <li>• taking active part in scientific life.</li> </ul>
<b>Additional requirements and expectations</b>	<p>The ideal postdoc candidate will:</p> <ol style="list-style-type: none"> <li>1. have at least 4-year experience in wet laboratory work, preferably involving cell and molecular biology;</li> <li>2. have scientific background in one of the fields related to this project, e.g. molecular biology, cell biology, RNA biology, genomics, structural biology;</li> <li>3. have experience in NGS data analysis or general bioinformatics or strong motivation to acquire it;</li> <li>4. have experience in CRISPR/Cas9 technology (or willingness to acquire it);</li> <li>5. have published at least one scientific article in a peer-reviewed journal as first author (If there is a special reason not to have a publication, e.g. long-term reviewing process, patent application, etc., please mention it in the application);</li> <li>6. be highly motivated, independent at work and have a self-development attitude;</li> <li>7. be able to work together with colleagues and collaborators as part of the team, to create an atmosphere of trust and respect;</li> <li>8. be able to teach experimental techniques and scientific methodology to students;</li> <li>9. have very good presentation skills and be proficient in spoken and written English;</li> <li>10. fulfil requirements stemming from <a href="#">Regulations on awarding funding for research tasks funded by the National Science Centre as regards research projects</a>, including: <ol style="list-style-type: none"> <li>a. obtained a doctoral degree in the year of employment in the project or in 7 years before January 1, 2023. <i>(This period may be extended by the time spent on long-term (over 90 days) documented sickness benefits or rehabilitation benefits due to incapacity for work. In addition, this period may be extended by the number of months of leave related to the care and upbringing of children granted on the terms set out in the Labour Law, and in the case of women - by 18 months for each child born or adopted, if this method of indicating breaks in the scientific career is more favourable.)</i></li> <li>b. obtained a doctoral degree in an entity other than Jagiellonian University, or completed at least 10-month, continuous and documented post-doctoral internship in an entity other than Jagiellonian University and in a country other than the country of obtaining the doctoral degree,</li> <li>c. dr. Pabiś was not a supervisor or assistant supervisor of the candidate's doctoral dissertation.</li> </ol> </li> </ol>
<b>Project Title</b>	Long non-coding RNAs in human pluripotent stem cells
<b>Project description</b>	<p>The successful postdoc candidate will work on an NCN-funded project to uncover the mechanism of action of selected human pluripotent stem cell-specific lncRNAs at molecular and cellular levels. Although over 170 000 human lncRNAs transcripts are reported in most recent releases of databases (e.g. NONCODE), only a part of those RNAs has been attributed a biological function based on specific experimental studies reported in the literature. Moreover, their interaction with binding partners (e.g. proteins) and mechanisms</p>

	<p>of action underlying their cellular functions are still far from being well understood. There is also a shortage of experimental data concerning lncRNA structure. The Postdoc will apply genome-wide techniques to identify proteins and genomic areas bound by lncRNAs in human-induced PSCs and during their differentiation. He or she will work in close collaboration with the PhD student who will focus on the <i>in vitro</i> characterization of these RNAs using structural biology and biochemical approaches.</p> <p>The research group is based at the Malopolska Centre of Biotechnology, in the lively and international city of Krakow, Poland.</p>
<b>Scope of duties</b>	<p>According to the <a href="#">Work Regulations of the Jagiellonian University</a> Annex 1 to the Work Regulations of the Jagiellonian University – Model scopes of responsibilities and duties of academic teachers.</p> <p>The candidate's duties will be as follows:</p> <ul style="list-style-type: none"> <li>• You will be responsible for the cell and molecular biology part of the project encompassing initially genome-wide and subsequently detailed identification of proteins and genomic areas bound by lncRNAs;</li> <li>• You will contribute to lab organization activities;</li> <li>• You will gain valuable mentoring experience, contributing to the supervision of the PhD student;</li> <li>• You will also assist the PI in the preparation of project reports, as well as figures and manuscripts for publication.</li> </ul>
<b>We offer</b>	<ul style="list-style-type: none"> <li>• stable employment based on an employment contract at the renowned university,</li> <li>• cooperation with the interdisciplinary academic community represented by well-known scientists,</li> <li>• scientific support as well as the possibility of qualifications improvement and professional development,</li> <li>• access to research infrastructure,</li> <li>• benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance,</li> <li>• additional social benefits.</li> </ul>
<b>Required application documents</b>	<ol style="list-style-type: none"> <li>1. resume,</li> <li>2. personal questionnaire filled in by the candidate,</li> <li>3. A copy of the doctoral diploma or a diploma confirming the candidate's habilitation degree, if applicable,</li> <li>4. information on the candidate's scientific, teaching and organisational achievements,</li> <li>5. declaration of the candidate, confirming that the Jagiellonian University will be their primary place of work, should they be selected in the selection procedure,</li> <li>6. statement under Article 113 of the Law on Higher Education and science,</li> <li>7. statement on acknowledging and accepting the rules and regulations concerning intellectual property management and commercialisation in force at the Jagiellonian University.</li> </ol> <p><b>Declaration forms (no. 5-7) and personal questionnaire template (no. 2) can be obtained at:</b></p> <p><a href="https://cso.uj.edu.pl/en_GB/-nauczyciele">https://cso.uj.edu.pl/en_GB/-nauczyciele</a></p>
<b>Additional application documents</b>	<ol style="list-style-type: none"> <li>1. Motivation letter;</li> <li>2. Two recommendation letters from previous/current supervisors;</li> <li>3. List of publications.</li> </ol>
<b>The course of the selection procedure</b>	<p>The first stage of the selection procedure is the formal assessment of the submitted documents. Applications which meet all formal requirements are the subject of substantive assessment, during which an interview with the Candidate may be conducted (directly or via electronic communication channels), upon settling the date of the interview with the Candidate. The Candidate has the right to appeal against the negative assessment by the selection board within 7 days of receiving the information about the results of the assessment.</p>

	The selection procedure is conducted in accordance with <a href="#">The Policy of Open, Transparent and Merit-Based Recruitment Process at the Jagiellonian University</a>
<b>Form of submission</b>	by e-mail to the address: <a href="mailto:job.mcb@uj.edu.pl">job.mcb@uj.edu.pl</a> , title: OPUS_24MP_Post-doc - <i>Name and Last Name</i>
<b>Deadline for submission of applications</b>	31.03.2024 (applications will be evaluated on a rolling basis, so early applications are encouraged)
<b>Expected date of the selection procedure settlement</b>	12.04.2024
<b>Method of communicating the results of the selection procedure</b>	by e-mail
<b>Questions</b>	For further information please contact by e-mail: <a href="mailto:job.mcb@uj.edu.pl">job.mcb@uj.edu.pl</a>

In the selection procedure, the Jagiellonian University follows the principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers. Jagiellonian University does not provide housing.

On behalf of  
the Rector of the Jagiellonian University  
Head of Malopolska Centre of Biotechnology  
Dr Danuta Earnshaw Mossakowska, prof. UJ

## Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer [www.iod.uj.edu.pl](http://www.iod.uj.edu.pl), Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: [iod@uj.edu.pl](mailto:iod@uj.edu.pl) or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
  - a. conduct recruitment process for the position specified in the above advertisement – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
  - b. conduct recruitment process for the position specified in the advertisement based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide your personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: [job.mcb@uj.edu.pl](mailto:job.mcb@uj.edu.pl) or by post to the following address: **Małopolskie Centrum Biotechnologii, Uniwersytet Jagielloński, ul. Gronostajowa 7A, 30-387 Kraków**, or you can withdraw your consent in person at **Małopolskie Centrum Biotechnologii, Uniwersytet Jagielloński, ul. Gronostajowa 7A, 30-387 Kraków**.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
